

## **Lull Telehandler Part**

Lull Telehandler Part - Telehandlers by Lull have been providing load placement precision ever since the year 1959. The Lull telehandler can help make the work easier and faster, whether the task involves transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide eighty inches of boom travel for precision placement capabilities. There are also lots of optional Lull accessories for their telehandlers in order to help do whichever task.
