

Concrete Hoppers

Concrete Hoppers - The self-dumping hopper attachment can automatically activate to both unload and release as soon as the bumper release contacts the side of a dumpster. After unloading is done, the hopper is able to return to original upright and locked position. This particular piece of equipment is likewise offered with a cable which enables operation from the seat of the forklift to be able to have the option of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to maintain durability.
