

Cascade Clamp

Cascade Clamp - Established in Portland, Oregon in the year 1943, the Cascade Manufacturing Company started as a small machine shop employing just four people. Total sales for that year amounted to about sixty thousand dollars. The very first recorded sales revenues involved the machining and assembly of stainless-steel valves, pipe fittings and various parts. Through 5 years of operation, the business had expanded to forty employees and their yearly sales volume had increased to \$330,000. Now, Cascade is one of the top worldwide manufacturers within the material handling business.

Design and production of the company's first hydraulic cylinder allowed this new company to aggressively pursue new business possibilities. All through the final 60 years, the business of material handling has grown into a really advanced field with Cascade proudly playing a part in its development. Cascade currently continues to develop as the best supplier of lift truck attachments and numerous related items. The business feels certain in their skill so as to continue to lead the way within the business by understanding customer's needs in the future and remaining competitive within the global market.

In the 1950's, Cascade started designing, fabricating and advertising hydraulic attachments. Construction was done in 1956 on a brand new facility to accommodate all of the office and plant operations in Portland, Oregon at the company's present headquarters. Subsequent to 15 years of business, total staff reached 180 workers and sales had reached nearly 2.3 million dollars.

1959 in Springfield, Fairfield the next production facility was built. nineteen sixty marked Cascade's preliminary transfer into the global world of the material handling industry as the business established interest in the Netherlands, England, and Australia.

In the year 1964, the business changed its name to the Cascade Corporation. Afterward in 1965, the business went public with a preliminary offering of two hundred thousand shares of common stock. Since then the company has expanded its manufacturing facilities within the continental US to the places Warner Robins Georgia to go along with its already current plants in Portland, Oregon and Springfield, Fairfield. Cascade merchandise are manufactured worldwide due to a lot of subsidiary operations. In 1994, a brand new facility was completed in Almere, the Netherlands which is Cascade's European command center. This facility is made to be the ultimate customer support centre.

Continuing to grow, Cascade expanded their product offering further in the year 1996 and 1997 with the remarkable acquisition of 5 companies, together with the worldwide best in blades, the Kenhar Corporation.
