

TCM Forklift Parts

TCM Forklift Part - In the international trade of material handling, lift trucks play a major part for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the company is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes many models of industrial trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
